REPORT ON

“VISIT OF IQAC TEAM OF ICEEM, AURANGABAD TO NMS”

Introduction: The College has MoU with International Centre of Excellence in Engineering & Management as a significant step towards fostering a robust academic partnership between both parties. Recognizing the mutual benefits of collaboration, both institutions have come together to formalize their commitment to enhancing academic excellence, cross-cultural understanding, and research innovation. This MoU outlines the shared aims and objectives that will guide the collaborative efforts between the two institutions:

Aims and Objectives of MoUs:

1. **Academic Collaboration:** Facilitating academic cooperation between the two institutions, which may involve joint research projects, collaborative academic programs, and the exchange of academic resources.
2. **Faculty and Student Exchange Programs:** Promoting the exchange of faculty members and students between the two institutions to enhance cross-cultural understanding, knowledge transfer, and research collaboration.
3. **Research and Development Initiatives:** Encouraging joint research activities, sharing research facilities, and promoting collaborative research projects to advance knowledge in specific areas.
4. **Resource Sharing:** Sharing educational resources, including library materials, research facilities, and other infrastructure, to maximize the efficiency and effectiveness of both institutions.
5. **Professional Development:** Supporting professional development opportunities for faculty and staff through workshops, seminars, and training programs.

Importance of Functional MoUs:

Functional Memorandums of Understanding (MoUs) between two colleges are of paramount importance as they serve as a strategic blueprint for fostering a collaborative and harmonious relationship. These agreements delineate the terms and conditions governing academic cooperation, facilitating joint research projects, collaborative academic programs, and the exchange of resources. By clearly defining roles, responsibilities, and expectations, a functional MoU enhances communication, minimizes misunderstandings, and establishes a structured framework for successful collaboration. It not only ensures legal and regulatory compliance but also mitigates risks and promotes resource optimization, allowing both institutions to pool their strengths for mutual benefit. The MoU serves as a living document that encourages flexibility and adaptability, fostering an environment where both colleges can collectively address challenges and seize opportunities. Moreover, it establishes accountability, laying the groundwork for a sustained and fruitful partnership, ultimately contributing to the enhancement of academic excellence and the holistic development of students and faculty across both institutions.

Activity Details:

On December 6th, 2024, an impactful collaborative activity unfolded as a delegation from the International Centre of Excellence in Engineering & Management, comprising the campus director and seven coordinators, paid a visit to Nutan Mahavidyalaya in Selu. The team, consisting of 10 staff members, arrived at the campus at 10 AM, marking the commencement of a day filled with insightful interactions and knowledge-sharing endeavors.

The visit commenced with a comprehensive tour of Nutan Mahavidyalaya Selu's campus, providing the visiting team with a holistic understanding of the educational infrastructure and facilities. This immersive experience allowed them to gain firsthand insights into the academic environment and resources available at Nutan Mahavidyalaya Selu.

Date:05/12/2023

OFFICE ORDER

This is to inform you that our institution has been arranged for a National Assessment and Accreditation Council (NAAC) visit to Nutuan Mahavidyalaya, Selu Dist. The visit is scheduled to take place on 06/12/2023 and departure to the Nutuan Mahavidyalaya, Selu Dist at 6:00am from CIDCO Bus stand.

In light of this, the following faculty members have been deputed to represent our institution during the NAAC visit:

Sr. No.	Name of Faculty	Designation
1	Dr. C.S. Padmavat	Campus Director
2	Dr. Gautam Saha	Director Strategic Management
3	Prof. Shishir Rathod	NAAC Co-ordinator
4	Prof. V.B. Shikhare	Assistant Professor
5	Prof. Sayali Rathod	Assistant Professor
6	Prof. Deepali Kende	Assistant Professor
7	Prof. Zafar Ul Hasan	Assistant Professor
8	Prof. Shivam Gawande	Assistant Professor
9	Prof. Y.M. Khan	Assistant Professor
10	Mr. Aqueel Shaikh	Clerk
11	Mr. Satish Sonawane	Admin Officer
12	Mrs. Jawale	Librarian

Received
Dr. C.S. Padmavat
Director
NAAC
Nutuan Mahavidyalaya, Selu

Dr. C.S. Padmavat
Campus Director

Excellence in Engg. & MGMT

General Photos:

During the visit, the office of Nutan Mahavidyalaya Selu played a pivotal role in guiding the International Centre of Excellence team in preparing essential office documents required for the upcoming NAAC (National Assessment and Accreditation Council) assessment. This collaborative effort aimed to ensure that the documentation process aligns with the accreditation standards, contributing to the overall institutional quality enhancement.

NAAC Office Photos:

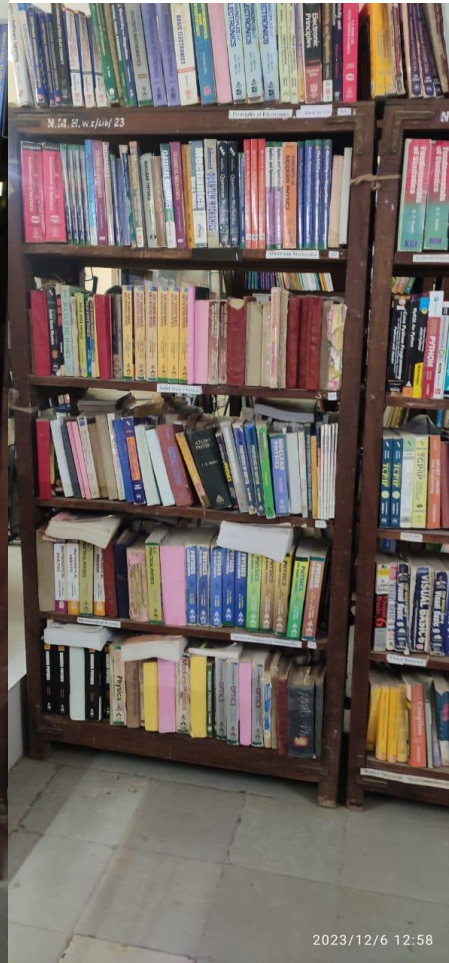

The librarian of Nutan Mahavidyalaya Selu actively engaged with the visiting team, providing valuable insights into the functions and pivotal role of the library in the academic development of an educational institution. This exchange of knowledge was geared towards enhancing the understanding of library management and its impact on academic endeavors.

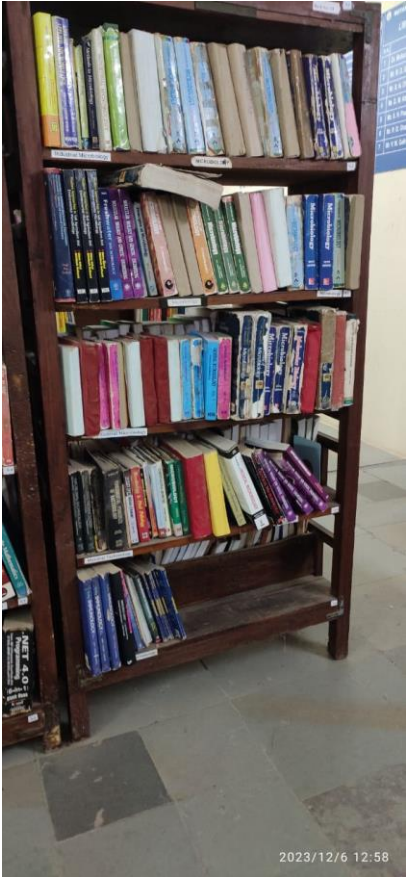

Library Photos:

During the visit of the International Centre of Excellence in Engineering & Management to Nutan Mahavidyalaya Selu on December 6th, 2024, a noteworthy interaction occurred when the Head of the Botany Department graciously guided the visiting team through the botanical garden and medicinal plant garden on the campus.

Botany Department Photo:

As the Head of the Botany Department took the lead, the team was treated to a rich and immersive experience within the botanical garden. This outdoor classroom served as a living laboratory, showcasing a diverse collection of plant species meticulously curated for educational and research purposes. The HOD, with evident enthusiasm, provided in-depth explanations about the various plant families, species, and their ecological significance. The team had the opportunity to witness firsthand the beauty and complexity of plant life, gaining insights into the unique characteristics of each species.

Felicitations Photos:

Additionally, the HOD took the team through the medicinal plant garden, highlighting the importance of these plants in traditional and contemporary medicine. This garden not only served as an educational resource for students studying botany but also underscored the institution's commitment to promoting awareness about the medicinal properties of plants.

Garden Photos:

Throughout the guided tour, the HOD shared knowledge about the ecological importance of maintaining such gardens within an educational institution. Emphasizing the practical applications of botanical studies, the HOD explained how the botanical and medicinal plant gardens contribute to both academic research and community outreach initiatives.

Greeneries Photos:

This engagement not only showcased the dedication of the Botany Department to experiential learning but also highlighted the institution's emphasis on environmental education and the conservation of plant biodiversity. The visit to the botanical and medicinal plant gardens, under the guidance of the HOD, served as an enriching experience for the International Centre of Excellence team, fostering a deeper appreciation for the intersection of academia and nature within the educational landscape of Nutan Mahavidyalaya Selu.

Medicinal Plant Garden:

Furthermore, the Internal Quality Assurance Cell (IQAC) department of Nutan Mahavidyalaya Selu played a crucial role during the visit. They guided the International Centre of Excellence team on the intricacies of preparing documents for the NAAC cycle two. This collaborative effort aimed at aligning the quality assurance processes of both institutions and fostering a shared commitment to academic excellence.
