## PRINCIPAL'S ADDRESS

Dear Students,

On behalf of Nutan Mahavidyalaya, Selu I Well-come you all in the college.

Nutan Mahavidyalaya, Selu is celebrating it Golden Jubilee Year in respect to completion of 5 decades of its establishment. According to it in the academic year 2017-18 the inauguration of it has done and various programs are organized. The validatory of this celebration will be in the academic Year 2018-19.

The college started with a few students in 1968 and now around three thousand students are studying. It gives me immense pleasure to applaud students, teachers and the administration on the occasion of its Golden jubilee. I feel gratified to expand my congratulations to management, teaching staff, administrative staff and various other unseen and unknown personnel who have been responsible for this College's success and triumph. Fifty years ago, the college set out certain goals of imparting education to all, circulating knowledge and promotion of skills. Faithfully so, the College community has not only fulfilled these goals, but has taken it up as an accountability to encourage these ideas in future too.

The college students have always fruitfully imbibed in them a unique spirit of community, secular ideologies and a sense of independent and institutional responsibility and above all the carnival of assortment. The College has indeed helped all its students to uphold a steadiness among excellence and social responsibility. Many noted that well known academics, civil servants, social workers, artists, film makers, authors, educationists and lawyers encompass our alumna hall of eminence. During the Golden Jubilee year, we tried to bring all of them back to share with the current students their experiences and reminiscences.

Nutan Mahavidyalaya Selu, believes that education beyond classroom is uniformly significant as the classroom interface. Therefore, students are encouraged to organize and participate in the various co-curricular, extra-curricular activities as well as sports. The laboratories are well outfitted, making learning more fascinating and interactive. Our efforts are directed towards students' development for employment and self-employment.

I look forward to welcome you and here's wishing you an unforgettably enriching experience with us.
