SANSKRIT Department

About Department: The Department of Sanskrit is established in 2015-16. The department naturally shares the vision and the mission of the college and functions accordingly. What defines our college the most is its locality and the vision of the founders. We have set our goals and objectives in accordance with these two defining factors. We hope, we have assimilated these values over the years to such an extent that they have become the very second nature to the department. To compare the students of our region with those in bigger cities would be ghastly unjust as the economic, social and educational standards greatly differ. Naturally, the department has to work taking into account all these considerations. Since its inception, the department has relentlessly worked towards enabling the students to reach desirable level of competence of graduate, to be linguistically proficient and to be able to appreciate the Sanskrit literature.

Aims:

- a. To create a highly academic atmosphere in the department.
- b. To provide students with the latest technologies and learning aids.
- c. To make them available the ancient, best and the latest in the field of Sanskrit language and literature.
- d. To make them proficient in Sanskrit.
- e. To enable them to appreciate Sanskrit literature.
- f. To make them competent in skills like logical thinking, Received Pronunciation, group discussion and public address.
- g. To encourage the students for creative writing.

Objectives:

- To enrich the department library.
- To enrich the reservoir of e-content.
- To connect the faculty and all the students through latest devices of information technologies.

DEPARTMENT OF SANSKRIT (NMS)

- To give practice sessions to the students in video-graphed Sanskrit speech.
