### Nodal Officers

**Introduction:**

- Since November 2019, the pandemic situation of Covid-19 created uncertainty of human life and their survival on the Earth. Disasters are always there on the earth in different forms as Flood, draught, cyclone, epidemics, pandemic and so on. Today, the whole world is fighting with pandemic situation due to covid-19. Nutan Mahavidyalaya, Selu has tried their best to work for covid-19. The meeting for planning is Planning meeting for Selu Taluka conducted at SDO office with all taluka level officers. The Place for Meeting is in Auditorium Hall of Nutan Mahavidyalya, Selu. The report of these all activities is prepared and submitted to NITI Aayog which they demanded to submit on behalf of the parent Institution. Timely interactions and e-communication evidences are as below:

## Report of Action Taken against COVID-19 by Nutan Mahavidyala, Selu

**Report of Action Taken against COVID-19 by Nutan Mahavidyala, Selu**

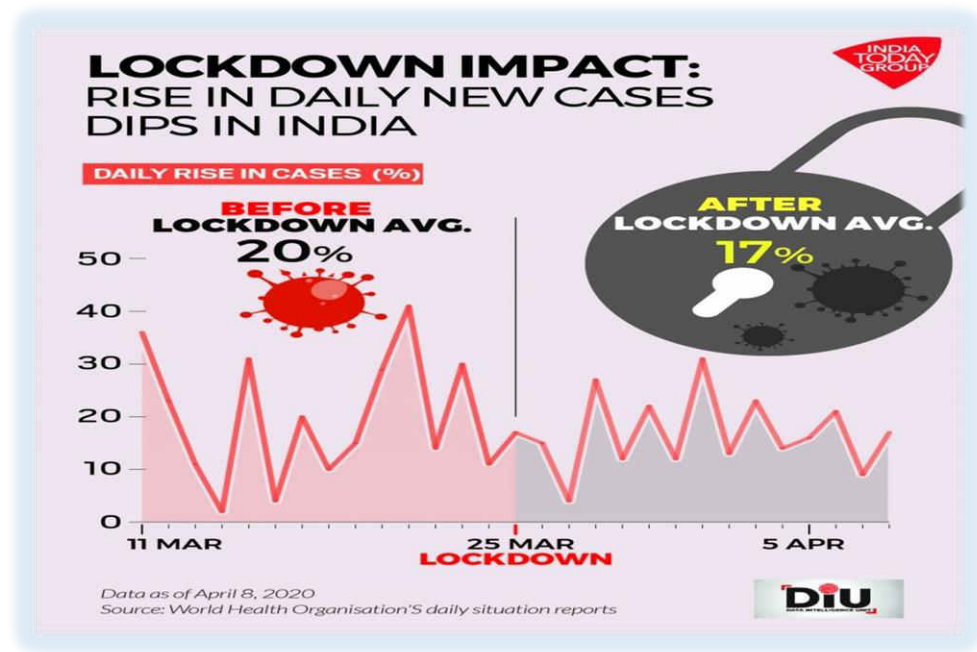

## **Report Submitted to NITI Aayog:**

### **Definition and History of COVID-19:**

- Coronavirus disease 2019 (COVID-19) is an **infectious disease** caused by **severe acute respiratory syndrome coronavirus 2 (SARS-CoV-2)**.
- First identified in December 2019 in **Wuhan**, China's **Hubei** province and spread globally, resulting in **pandemic**.
- First confirmed case November 2019 in Hubei
- The first case in India was reported on 30 January 2020

### Indian Scenario on Covid-19:

- In India, 69 year old Italian man with 14 tourists took a bus to Jhunjhunu, in Rajasthan, the same day. From there, they went to Bikaner, Jaisalmer, Jodhpur and Udaipur, before arriving in Jaipur on February 28.
- Those who came in contact with them include 59 in Jhunjhunu, 44 in Bikaner, 14 in Jaisalmer, 14 in Jodhpur, and 6 in Udaipur. In Jaipur, six persons at the hotel where the tourists were staying are reported to have come in contact with them.
- Another 45 years old man nine days travelling history in Italy as from Italy to Delhi with 2 family members
- Over the next four days, before he reported himself at RML Hospital on February 29 with symptoms, the patient hosted a party for at least seven people, including another family and three children, in the restaurant of Hyatt Regency
- The patient's two brothers-in-law, who had accompanied him on the flight from Vienna, visited their relatives in Agra.

**Report of Action Taken against COVID-19 by Nutan Mahavidyala, Selu**

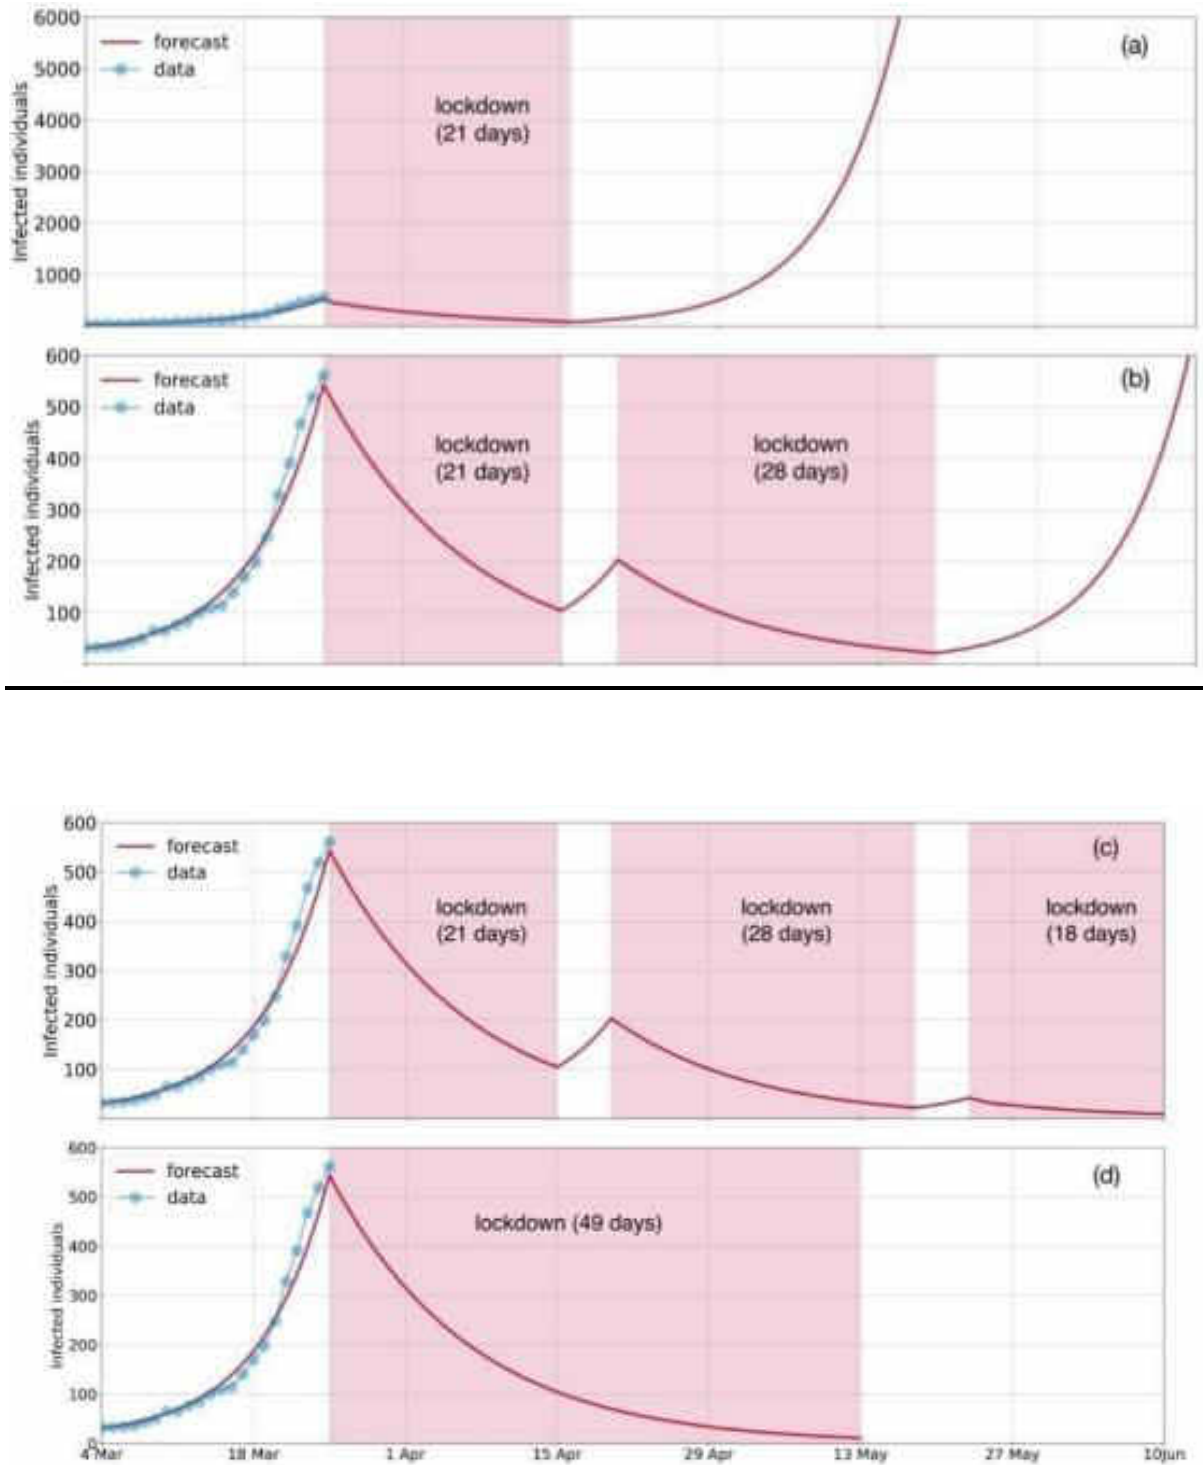

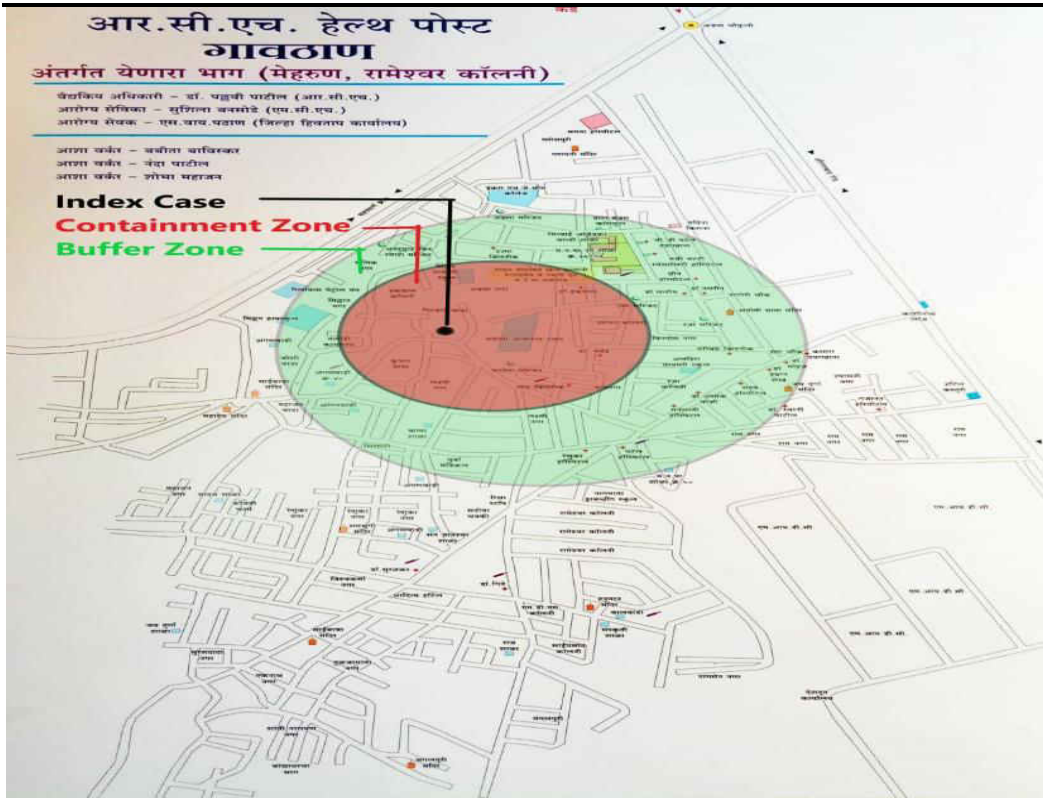

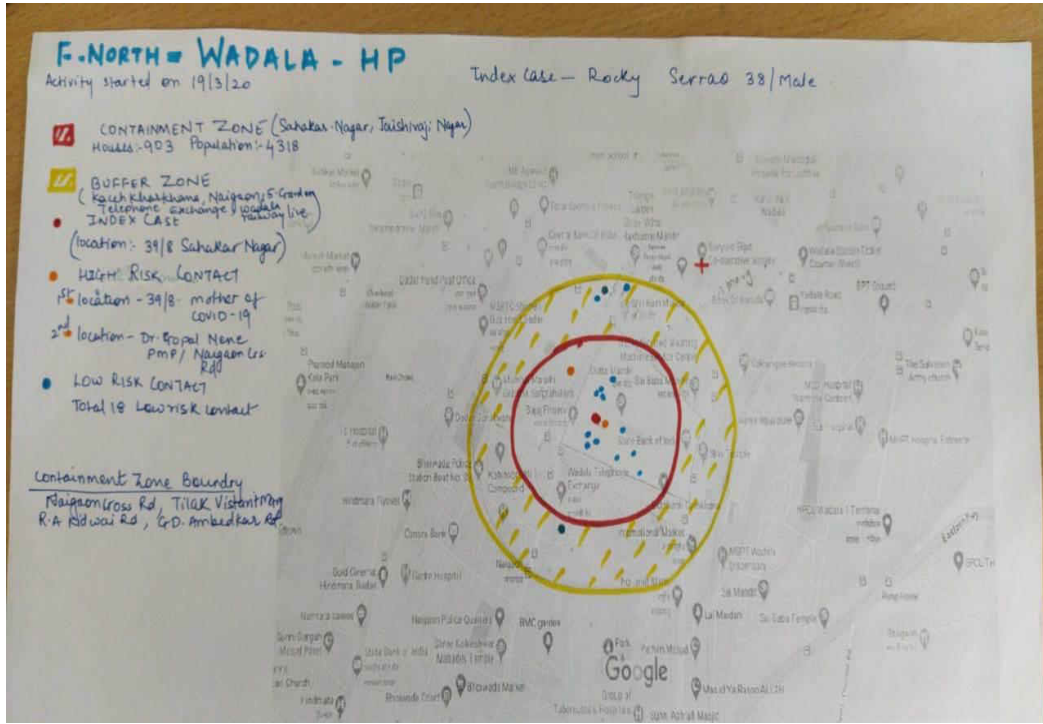

Figure 4. Forecast of the COVID-19 epidemic in India with mitigatory social distancing. Each of the four panels shows the variation in the number of infectives with lockdowns of various durations. The three-week lockdown starting 25 March does not prevent resurgence after its suspension as shown in panel (a). Neither does a further lockdown of 28 days spaced by a 5 day suspension, shown in panel (b). The protocols in panels (c) and (d), comprising of three lockdowns with 5 day relaxations and a single 49 day lockdown reduce case numbers below 10. This forecast is based on all cases being symptomatic so  $\alpha = 1$ . The fit parameter is  $\beta = 0.0155$  and we set  $\gamma = 1/7$ .

**Report of Action Taken against COVID-19 by Nutan Mahavidyala, Selu**

The photographs of the hostel with timely caring given by the Government medical officers , SDM, Tehsildar, BDO, DYSP, PI and other staff from police department, Mayor of town. CO of the Muncipal Corporation, Selu, and other Covid warrior as mentioned above were given below:

दिनांक :

This is to certify that the college has a MoU with Municipal Corporation Selu. As per this MoU, two way support whenever needed for the welfare of society and students of the college, it has to be given by both parties. During lockdown period, the college availed the sport ground for the vegetables vendors as well as auditorium hall for meetings to plan the actions needed to take as anti-corona preventive measures. This helped all COVID warriors and citizens of Selu to maintain the physical distance as one of the preventive remedy against COVID-19.

Apart from it, the institution provided Shriramji Bhangdiyaji Boys' hostel as accommodation place for migrating people. Where with the help of NGOs, their staffs, and other resources provided food and other hospitality including TV to keep them mentally fit and feel as familiar to this place.

## **Social Awareness Program about COVID-19**

### **(NMS-DOMCOVID19)**

#### **Report:-**

Corona virus information was disseminated under this campaign. Hygiene awareness is spread using social media to prevent the spread of this virus. Importance of holding a handkerchief or tissue paper over the nose and mouth while sneezing and coughing is explained. Necessity of repeated use of sanitizers for hand disinfection is shown. Provided information on how many times to wash hands a day, and how it is mandatory to wash hands after touching something. We explained the necessity of using a mask. Also, reminded the rules of keeping social distance. Information on proper disinfection, proper disposal of used masks on return home from outside is explained.

#### **Features of Social awareness Program about COVID-19 held by the**

#### **Institute:**

#### **Steps to Prevent Covid-19:**

The best way to prevent illness is to avoid being exposed to this virus.

The virus is thought to spread mainly from person-to-person.

- Between people who are in close contact with one another (within about 6 feet).
- Through respiratory droplets produced when an infected person coughs or sneezes.

These droplets can land in the mouths or noses of people who are nearby or possibly be inhaled into the lungs.

#### **Clean Your Hands Often:**

- Wash your hands often with soap and water for at least 20 seconds especially after you have been in a public place or after blowing your nose, coughing, or sneezing.
- If soap and water are not readily available, use a hand sanitizer that contains at least 60% alcohol. Cover all surfaces of your hands and rub them together until they feel dry.
- Avoid touching your eyes, nose, and mouth with unwashed hands.

### **Avoid Close Contact:**

- Avoid close contact with people who are sick
- Put distance between yourself and other people if COVID-19 is spreading in your community.

### **Cover Coughs and Sneezes:**

- Cover your mouth and nose with a tissue when you cough or sneeze or use the inside of your elbow.
- Throw used tissues in the trash.
- Immediately wash your hands with soap and water for at least 20 seconds. If soap and water are not readily available, clean your hands with a hand sanitizer that contains at least 60% alcohol.

### **Cover Your Mouth And Nose With A Cloth Face Cover When Around**

#### **Others:**

- You could spread COVID-19 to others even if you do not feel sick.
- Everyone should wear a cloth face cover when they have to go out in public, for example to the grocery store or to pick up other necessities.
  - Cloth face coverings should not be placed on young children under age 2, anyone who has trouble breathing, or is unconscious, incapacitated or otherwise unable to remove the mask without assistance.
- Continue to keep about 6 feet between yourself and others. The cloth face cover is not a substitute for social distancing.

### **Clean and Disinfect:**

This includes tables, doorknobs, light switches, countertops, handles, desks, phones, keyboards, toilets, faucets, and sinks.

- If surfaces are dirty, clean them: Use detergent or soap and water prior to disinfection.
- staying home when sick;
- ✓ covering mouth and nose with flexed elbow or tissue when coughing or sneezing. Dispose of used tissue immediately;
- Stay home and self-isolate even with minor symptoms such as cough, headache, mild fever, until you recover. Have someone bring you supplies. If you need to leave your

## Report of Action Taken against COVID-19 by Nutan Mahavidyala, Selu

house, wear a mask to avoid infecting others. Why? Avoiding contact with others will protect them from possible COVID-19 and other viruses.

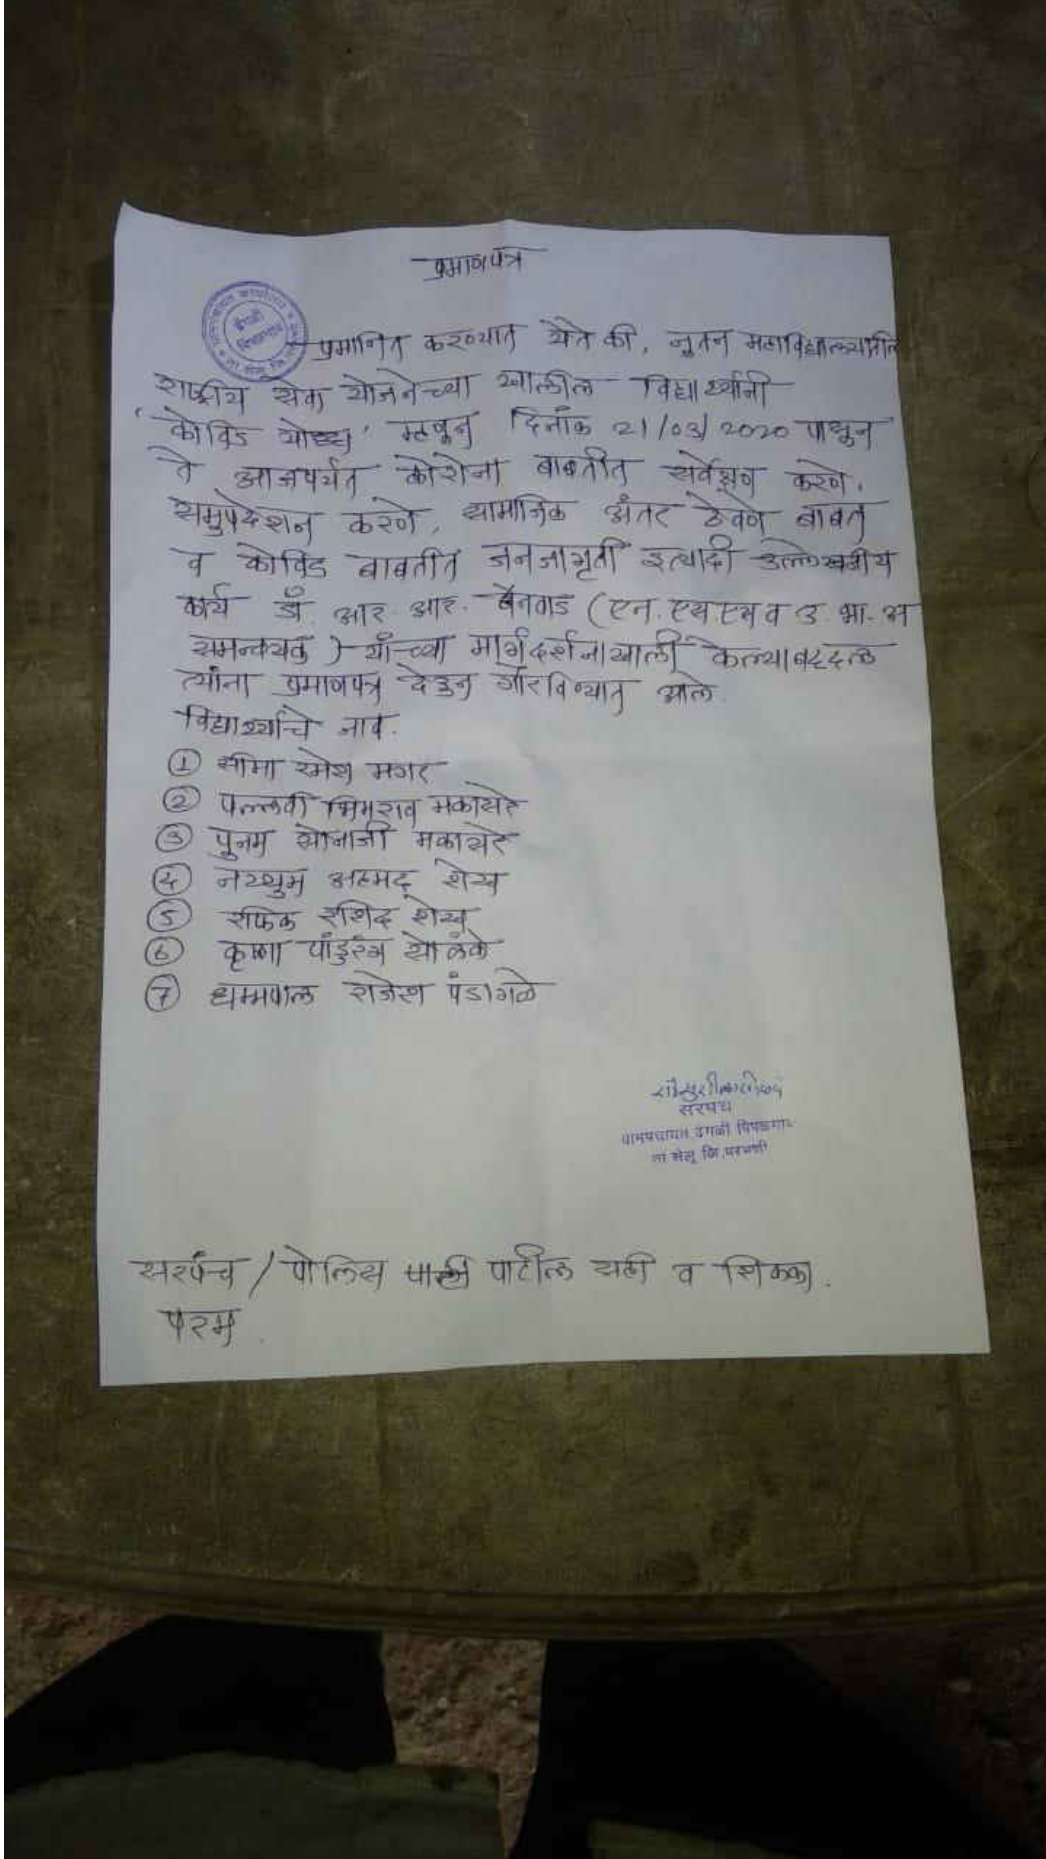

- If you have a fever, cough and difficulty breathing, seek medical attention, but call by telephone in advance if possible and follow the directions of your local health authority. Why? National and local authorities will have the most up to date information on the situation in your area. Calling in advance will allow your health care provider to quickly direct you to the right health facility. This will also protect you and help prevent spread of viruses and other infections.

### **Advice on the Safe Use of Alcohol-Based Hand Sanitizers:**

To protect yourself and others against COVID-19, clean your hands frequently and thoroughly. Use alcohol-based hand sanitizer or wash your hands with soap and water. If you use an alcohol-based hand sanitizer, make sure you use and store it carefully. Also conducted a corona quiz competition during the lockdown and participated in quiz competition organized by various colleges in Maharashtra and other states. Students of the institute are encouraged to create awareness through social media such as Facebook, Whatsapp and Instagram.

### **NSS Department Activities for Covid-19 Awareness :**

Dr. Ramesh Bainwad and Dr. M.D. Sawndkar has guided to students and worked as Covid Warrior. They collected information of nearby villages; they trained students of NSS for counselling. The evidences' of it are as:

**PROTECT YOURSELF  
AND OTHERS**

**Wash your hands thoroughly.**

**Cough and sneeze into a tissue or the crook of your arm.**

**Dispose of used paper tissues in a sealed waste bin.**

**Avoid shaking hands.**

**Stay at home if you have a high temperature and a cough.**

**Always call ahead before going to the doctor's or the emergency department.**

## HOW TO PROTECT YOURSELF?

Washing your hands often with soap and water for at least 20 seconds

Don't touch your eyes, nose and mouth with unwashed hands

Avoid being around people who are sick

Stay home if you are sick

Clean surfaces with disinfectant

Cover your nose and mouth when you sneeze or cough

# COVID 19

## WHAT IS CORONAVIRUS?

Coronavirus is a large family of viruses that cause a variety of diseases including colds to serious illnesses such as SARS and MERS-CoV).

Coronavirus is a new strain of the virus that has never been detected or detected in the human body.

## SIGNS & SYMPTOMS

Fever

Cough

Hard to breathe

## HOW CAN I PROTECT MYSELF?

Wash your hands often with soap and water for at least 20 seconds.

Avoid touching your eyes, nose or mouth with unwashed hands.

Avoid close contact with people who are sick.

## PREVENTIVE MEASURES FOR COVID-19

### WASH YOUR HANDS

With soap and water for at least 20 sec., or use a hand sanitizer that contains at least 60% alcohol.

### AVOID CLOSE CONTACT

With people who are sick or put distance between yourself and other people if COVID-19 is spreading in your community.

### USE FACE MASKS

If you are sick or you are caring for someone who is sick and they are not able to wear a facemask.

### COVER YOUR COUGH/SNEEZE

Cover your mouth and nose with a tissue when you cough or sneeze or use the inside of your elbow.

### CLEAN AND DISINFECT OFTEN

Clean AND disinfect frequently touched surfaces daily.

## CORONAVIRUS: HOW TO PROTECT YOURSELF

### SYMPTOMS

RUNNY NOSE

HEADACHE

COUGH

SORE THROAT

FEVER

A GENERAL FEELING OF BEING UNWELL

### PROTECTION

Frequently wash your hands with an alcohol-based hand rub or soap

Cover your mouth and nose when sneezing or coughing

Avoid close contact with anyone who has a fever or cough

Seek early medical help if you have a fever, cough and difficulty breathing

Avoid direct, unprotected contact with live animals

Avoid eating raw or undercooked animal products

SOURCE: WORLD HEALTH ORGANIZATION

# Hand Wash Technique

**Important!** Washing hands prevents disease and puts everyone else at ease

<b>1</b>  Apply liquid soap or sanitiser.	<b>2</b>  Rub hands together palm to palm.	<b>3</b>  Spread soap over the back of each palm.
<b>4</b>  Rub palms again with fingers interlaced.	<b>5</b>  Grip the fingers in each hand and rub sideways.	<b>6</b>  Rub each thumb clasped in opposite hand.
<b>7</b>  Rub fingertips of both hands in opposite palm.	<b>8</b>  Rub each wrist clasped in opposite hand.	<b>9</b>  Rinse for 10 sec and dry with a towel.

## Protect yourself and others against COVID-19

**Cover your coughs or sneezes with tissues or your elbow** 

**Put your used tissue in the rubbish bin or in a plastic bag** 

**Wash and dry your hands often, especially after coughing or sneezing – use soap or hand sanitiser** 

**Stay away from others if you're unwell** 

**COVID-19 HEALTH ADVICE**  
0800 358 5453

## 8 WAYS TO REMAIN HEALTHY AND FIT

### Don't Touch

Keep your hands off any possible germ-infected surface

### Wash up

Proper hand washing is important to prevent from any germs

### Stop stressing

Stress not only negatively affects your mental health but physical health too.

### Fundamental Fluids

Drink up! Downing 8-ounce glasses of water

### Eat Well

Your food choices impact your immune system.

### Antioxidants

Keeping you healthy are vitamin A, C and E

### Get Fit

People who exercise regularly are less likely to get sick

### Sound Sleep

Get the eight hours of sleep a night

# HOW TO PREVENT CORONAVIRUS

## 5 EASY STEPS TO STAY SAFE FROM COVID-19

- 1 WASH YOUR HANDS**  
frequently, with soap and water or using an alcohol solution.
- 2 KEEP DISTANCE**  
of at least 3 feet away from people who shows symptoms of flu, and avoid crowded places.
- 3 AVOID TOUCHING**  
your mouth, nose and face with your hands, as well as any potentially contaminated surface like hand rails, etc.
- 4 WHEN SNEEZING OR COUGHING**  
cover your mouth and nose with a disposable tissue, or use your upper sleeves (not your hands!)
- 5 IF YOU HAVE SYMPTOMS**  
such as cough, fever or breathing problems, don't panic! stay at home and call your doctor or the number below.

[www.cdcyourcity.com](http://www.cdcyourcity.com) 1-800-YOUR-CITY

 **2019 Novel Coronavirus** (2019-nCoV)

### How is it prevented?

Wash hands often

Avoid touching eyes, nose, or mouth with unwashed hands

Avoid contact with sick people

Stay home while you are sick; avoid others

Cover mouth/nose with a tissue or sleeve when coughing or sneezing

If you have recently traveled to China and are experiencing symptoms such as fever, coughing or shortness of breath, call ahead to your health care provider before seeking medical care.

With help of these posters, department runs social awareness program about COVID19

### Student Participation:

Many students from the institute prepared homemade masks and trained people to use this mask. Students of Microbiology department participated in a National level e-poster competition on “Fight with COVID 19” which was held by L K Dr. P. R Ghogre College, Dhule.(got third prize) The guidelines issued by the World Health Organization from time to time were explained to the general public in simple language.

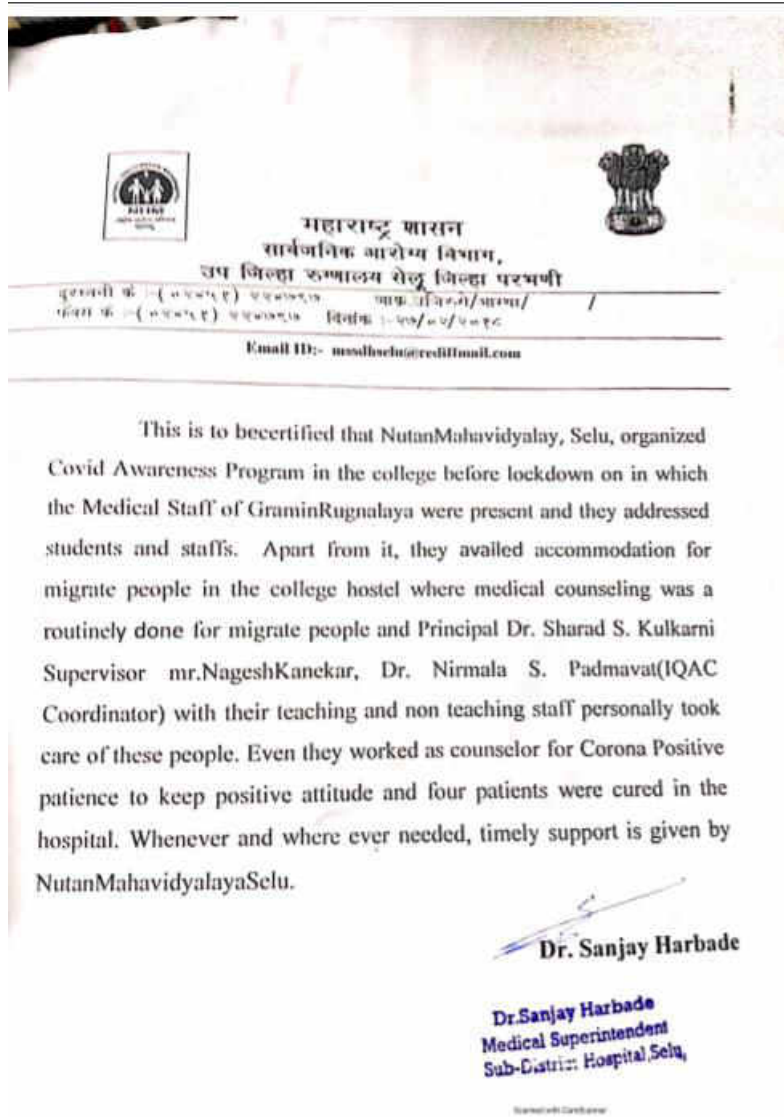

**Financial Support:** Apart from it, all the branches of Nutan Vidyalaya Shikshan Santha's have given the salary of two days in PM fund for the month of March and CM Funds for the month of May collection from all employees working in the institutions.

**Support to the Sub-Divisional Hospital:** The College has given best possible support to fight against covid-19 in the town and nearby town. The plan and work of Selu Sub-division hospital to maintain the town Covid free is given as below with the certificate provided by Dr. Sanjay Harbade(Medical Superintendent- Sub District Hospital, District Parbhani):

**Sub-Divisional Hospital, Selu Dist. Parbhani:**

## चौथा रूग्णही निगेटीव्ह आल्याने सेलू तालुका झाला कोरोनामुक्त

### सेलू/ता.प्रतिनिधी

येथील उपजिल्हा रूग्णालयात उपचार घेत असलेला चौथा रूग्णही निगेटीव्ह आल्याने धास्तावलेल्या सेलूकरांना दिलासा मिळाला असून. सेलू तालुका आता कोरोनामुक्त झाला आहे.

कोरोनाच्या पार्श्वभूमीवर स्थानिक प्रशासनाने अहोरात्र प्रयत्न करत सेलू तालुका कोरोना संसर्गापासून दुर ठेवण्यात यश मिळवले होते. मात्र पुणे, मुंबई, नाशिक येथू काही नागरीक तालुक्यात आल्याने चार कोरोना बाधित रूग्ण आढळून आले होते. त्यापैकी चार दिवसापूर्वी तीन रूग्ण कोरोना मुक्त होऊन रूग्णालयातून सुट्टी देण्यात आली होती. ब्रम्हवाकडी येथील एका रूग्णाचा शेवटचा स्वॅब अहवाल येणे बाकी होते. शुक्रवारी त्या रूग्णाचा अहवाल निगेटीव्ह आल्याने त्याला शनिवारी उपजिल्हा रूग्णालयातून सुट्टी देण्यात आली आहे. तालुक्यात आढळून आलेले चारही रूग्ण निगेटीव्ह आल्याने सेलू तालुका आता कोरोनामुक्त झाला आहे.

शनिवारी कोरोना बाधित रूग्णाला रूग्णालयातून सुट्टी देण्यात आली त्यावेळी त्यारूग्णाचा सत्कार करण्यात आला. तालुक्यात आढळून आलेले कोरोना बाधित रूग्ण परभणी जिल्हा रूग्णालयात न पाठवता सेलू येथेच त्यांचेवर उपचार करून यशस्वीरित्या पुर्णपणे पुढे करण्यात उपजिल्हा रूग्णालयाची टिम यशस्वी झाली त्याबद्दल त्यांचे स्वागत करण्यात आले. यावेळी नगराध्यक्ष विनोद बोराडे, वैद्यकीय अधीक्षक डॉ. संजय हारबडे, प्राचार्य डॉ. शरद कुलकर्णी, मुख्याधिकारी देवीदास जाधव, गटविकास अधिकारी विष्णू मोरे, प्रा. नागेश कान्हेकर, तलाठी मुकुंद आष्टीकर, ग्राहक पंचायतचे जिल्हाध्यक्ष डॉ. विलास मोरे, पत्रकार संजय मुंडे, शिवाजी आकात, रेवनआप्पा साळेगावकर, डॉ. गिरी बेबी, अभिजित राजुरकर, अरूण आढे, श्रीमती कुमावत, प्राजक्ता मते, राजकुमार सूर्यवंशी, यु.बी. पारवेकर, राधाकिशन मगर, राजवंती बहोत, अशोक कर्डीले यांची उपस्थिती होती.

### Planning meeting for Prevention of Corona:

- Planning meeting for Selu Taluka conducted at SDO office with all taluka level officers.
- And these regular meeting were continue till today about daily feedback from periphery.

### **Meeting for planning**

### **Preventive Measures for Selu Taluka:**

- Training of all medical officers and health workers for the detection and prevention of Corona.
- Active surveillance:-Planning of surveillance done by Taluka health officer and Medical Superintendent.
- Total villages in Taluka 94 and Selu city
- Total population :- 1 lac 73000
- House to house active surveillance done by ASHA, ANGANWADI AND HEALTH WORKER supervised by concern health supervisor and medical officer.

## Home visit survery

### After Survey:

- Travelers from foreign countries, Red zone Areas are identified and quarantine at school and acquired hostels for 14 days.
- Throat swab of 14 foreign travelers taken and found negative. Still they kept quarantine for 14 days and followed by health staff.

### SST POINTS:

- 24/7 Strict monitoring of SST points at Partur border and Mantha Border.
- Every person crossing border of Taluka is monitored.
- Also small road which enter in Selu Taluka are blocked.

**More Sir BDO:**

The role of BDO officer in Selu town is very important. The entire team is working a lot. They are working on the check-point, going door-to-door to get survey of each and every home of the village and Selu town too. People of this location are appreciating their work and efforts of this team. From Asha worker to BDO officer, all are working to prevent the whole Taluka from Covid-19. Fortunately, due to their efforts, not a single case of covid is found in this town living here. Whatever cases are identified, they are either working in Pune. Mumbai or Aurangabad or they have visited for medical purpose to nearby major district as Aurangabad or Nanded. The team of the government officers, police department and BDO are keeping keen observation on the people who are coming outside the Selu taluka and compulsory keeping them in the quarantine for 14 days in defined places of quarantine. They are checked on the regular basis by the team of sub-divisional hospital of the town. The team of Nutan Vidyalya supports them for the counselling of these quarantine people. The appreciation letters of people are given below:

**Support and Efforts to Municipal Corporation to Fight Against Covid-19:**

**Jadhav Devidas Sir CO:** The College has given best possible support to fight against covid-19 in the town and nearby town. The plan and work of Selu Sub-division hospital to maintain the town Covid free is given as below with the certificate provided by Mr. Vinod Borade (Mayor of Selu Town with his certificate:

The notable efforts are made by all the officers, NGOs and our institution together. The college has MOU with Municipal Corporation of the town. Under this MOU, whenever and wherever support is needed by both parties should be given and both are giving this support for the welfare of society. The college has play ground of sixteen acres on lease basis. This land is now open for the vegetable vendors which will help to maintain the proper physical distance- one of the important remedy to prevent oneself from covid-19. Mr. Devidas Jadhav who is working as a CO of Municipal Corporation and Mr. Vinod Borade who is working as a mayor of the town, with their entire team of municipal corporation doing very hard work. They are having good support by the revenue officers such as SDM Mr. Umakant Pardhi, Tahsildar Mr. Balaji Shewale and their team, police department, our NGO, to maintain the isolation in social places for people. The following notable activities are conducted by the municipal corporation-

- A) The awareness digital banners displayed in the town at several places.
- B) Since 17/03/2020, the awareness warning message through the Gantha Gadi which collects the garbage from all colonies of Selu.
- C) The strict warning to close tuition, typing institutions and other educational institution and even checking of these all institution by with the support of revenue offices and police department.
- D) The employees of Municipal Corporation and students of NSS departments of our colleges did awareness counseling to fight against covid-19 at several Social places such as Bus-stand, Railway station, market etc.

**Report of Action Taken against COVID-19 by Nutan Mahavidyala, Selu**

- E) No entry to anyone including all employees in the office of Municipal Corporation without use of sanitizers at the entrance of Municipal Corporation.
- F) Since 26/03/2020, use of spray for the disinfection of the town including all social places such as bus-stand, rail-way station etc on regular basis. The spray of chemical hypo-hydrochloride using vehicle of fire-brigade is regular practice of disinfection of the town.
- G) Marking of 1mtr. at all daily needs shops including grocery stores, medical stores, vegetable stores to maintain the physical distance and crowds.
- H) Gathered information of migrate people during lockdown and prepared the facilities of accommodation for these migrate people as well as medical; support.
- I) With the use of ICT Tools, tried to avail daily needs with providing home service for the citizens of town during lockdown to avoid the community spreading of Covid-19.
- J) The information of illegal entry in the town during lockdown is collected and it is collected with using Google form wherever possible.
- K) The organization of teams to observe the environment of town about the maintaining the rules and regulation of the down.
- L) At the first stage of lockdown, under the guidance of Police department, specially of Mrs. Borgaonkar Madam the team is training and organized to keep watch on the people – are they following rules and regulations of lockdown.
- M) As per the order of Hon. Collector dated on 24/03/202, 09 employees of municipal corporation were appointed as a team members, since the said date, they are working for day and night till today.
- N) The above said team and other teams prepared by the plan to work out on it to maintain the physical distance, social awareness and to follow the rules and regulations of lockdown.

### Report of Action Taken against COVID-19 by Nutan Mahavidyala, Selu

- O) To control the mob/crowd on the road, public places, with the support and guidance of Tahsildar Mr. Balaji Shewale, some teams were trained to collect the data including the Ration Card holders of the Selu. According to it, around 4100, citizens of Selu were the part of Thermal screening Mission.
- P) The place of vegetable vender is changed from regular places to the ground of Nutan Mahavidyala and decision is taken under the guidance of Tahsildar Mr. Balaji Shewale and Mrs. Vasundhara Borgaokar (PI, Selu).
- Q) All the employees of Municipal corporation were provided N95-Mask, hand-gloves gum-shoes.
- R) The containment zones are locked with the barrette.
- S) Food for two times is provided quarantine people by the Municipal corporation and with addition to tea biscuits and milk for quarantine children who are quarantined at Dr. Babadasaheb Ambedkar Hostel.
- T) The bike riders are not allowed as double seat in the town or nearby the location of town, if they found, they are punished with surrendering their bike and after fulfilling all the formalities under the guidance of the police departments, they are able to get back their bikes.

Thus, there are many efforts taken by the municipal corporation of Selu town. Few evidences and photographs are attached here with the reports as:

## देशोन्नती

### भर उन्हात २०० दुचाकी चालकांवर दंडात्मक कार्यवाही

सेलू प्रतिनिधी

प्रशासनाने सुचना देऊन ही रस्त्यावर दुचाकी वरून डबलसीट, ट्रीपलसीट पळणाऱ्या २०० दुचाकीस्वार चालकांवर २२ मे रोजी पोलीस प्रशासन, नगरपालीक व महसुल विभागाच्या बतीने कारवाई करण्यात आली असून यामुळे ४०० नागरिकांना घर गाठण्यास नैसर्गिक झाली.

लॉकडाऊन चालू असताना बाहेर जिल्ह्यातून येणाऱ्या नागरिकांमुळे कोरोना विषाणूचे रुग्ण जिल्ह्यात आढळून आले आहेत. याकरीता उपजिल्हाधिकारी उमाकांत पारधी, उपविभागीय पोलीस अधिकारी प्रकाश एकवोट, तहसीलदार बालाजी शेवाळे, पोनि. वसुंधरा बोरगावकर, मुख्याधिकारी देवीदास जाधव यांच्या बतीने २१ मे रोजी सेलू व परिसरातील नागरिकांना सोशल मिडीयाच्या मार्फत आवाहन केले होते की, २२ मे रोजी दुचाकी त्वारानी शहरात कामानिमित्त बाहेर पडावे. विनाकारण बाहेर पडू नये व दुचाकीवर एकच व्यक्ती असला पाहिजे. याब्यतिरिक्त डबलसीट, ट्रीपलसीट असणाऱ्या वाहनांवर सोशल डिस्टन्सिचे उल्लंघन केल्यामुळे

४०० नागरिकांची घर गाठण्यासाठी झाली गैरसोय

स्थानिक प्रशासनाने सोशल मीडियावर २२ मे रोजी दुचाकी पकडून कारवाई करणार अशा मथळ्याखाली माहिती प्रसारित केली. ज्या वाहन चालका पर्यंत ही माहिती पोहचू शकली नाही. अशी बहुसंख्य वाहने या मोहिमेत अडकली. दुचाकीवरून डबलसीट जाणे नियमाच्या बुटीने गैर आहे. पण नियमातच बहुसंख्य दुचाकी स्वार अडकले. कारवाई करण्यात आलेल्या २०० वाहना वरील सुमारे ४०० नागरिकांना आपले घर गाठण्यासाठी झालेल्या त्रासदायक प्रवासा बद्दल विचारच केला नाही. असा मनस्ताप हे नागरिक मात्र करत होते.

सेलू : शहरात पकडण्यात आलेल्या दुचाकी साई नाट्यगृह येथे अस्था प्रकारे लावण्यात आल्या आहेत.

दुचाकी चालकावर कारवाई केल्या जाईल. सुचना देऊन ही काही नागरीक बाहेर फिरत होते. सोशल डिस्टन्सिंगचे उल्लंघन केल्यामुळे २२ मे रोजी उपजिल्हाधिकारी उमाकांत पारधी यांच्या टिमने १०० तर सेलू येथील क्रांती चौक येथे पोलीस निरीक्षक वसुंधरा बोरगावकर, मुख्याधिकारी देवीदास जाधव यांच्या नेतृत्वाखाली १०० वाहनांवर

दंडात्मक कारवाई करून १५ हजार रुपयांचा दंड वसूल केला असल्याची माहिती दिली. सेलू येथील पाथरी नाक्याजवळ सकाळी १० वाजल्यापासून दुचाकींवर डबलसीट, ट्रीपलसीट दुचाकी ९२ वाहनांवर फौजदारी गुन्हा दाखल करण्यात येणार असल्याचे उपजिल्हाधिकारी उमाकांत पारधी यांनी सांगितले.

**Report of Action Taken against COVID-19 by Nutan Mahavidyala, Selu**

### **Conclusion:**

The special and notable efforts of Municipal Corporation, Selu is that it has received the rank number six as a clean City in Maharashtra State for their major efforts.

The efforts which were taken by all above departments are really appreciable. This is not a work of any single department. The major role is of SDM Mr. Umakant Pardhi and Mr. Balaji Shewale the Tahsildar of the Town and the team of Revenue officers, Mrs. Vasundhara Borgoankar (PI, Selu Police Station) and her Team of Police Department, Dr. Sanjay Harbade ( Medical Superintendent (Sub0district Hospital, Selu) and his team, Mr. Devidas Jadhav CO, Muncipal Corporation, Mr. Vinod Borade, Mayor of the Town and the Team of MUncipal Corporation, Mr. V. M. More (BDO, and his Team), the Managing body of Nutan Vidyalaya Shikshan Shanstha, Principal Dr. Sharad S. Kulkarni, (Nutan Mahavidyalya, Selu), Prof. Nagesh Kanhekar( Supervisor- Nutan Mahavidyalya, Junior College, Selu) Dr. Nirmala S. Padmavat (IQAC Coordinator), DR. R. R. Bainwad (NSS COOrdinator, Nutan Mahavidalaya Selu). The work of all Government departments including Municipal corporation is appreciated by the citizens of Selu. They are uploading statues of photographs of these officers to expresses their gratitude's towards them and their efforts. 24/24 hours since last three months teams of all government sectors is working devoted with sacrificing their own life under the risk of Covid-19- the community transfer disease.

### **Problem Identified During the Current Survey Report:**

As this is the report to be submitted to NIti Aayog, under the overcoming problem of Social Stigma of Covid-19. One of the major problems which is identified during the survey work is very dangerous as far as the social stigma of covid-19 is concern. It is shared by Mr. Balaji Shewale during the meeting conducted for preparation of this report. According to him when the patient of covid-19 is succeed to come out of these disease, none of his/her family member is coming to receive or ready with positive approach to allow him/her with them.

### **Suggestion:**

Hence, it is kind request to ask the NGOs and other volunteers to be ready for the perfect counselling to the family of the patients suffering from the disease COdid-19 and try to overcome these problems of Social Stigma about the Cured Covid Patients.
