

Activity Report: Online Workshop on Spectroscopy

Date: 20th January 2021

Introduction:

Nutan Mahavidyalaya Selu organized an online workshop on spectroscopy via Zoom meeting for students amidst the challenges posed by the COVID-19 pandemic. Dr. Abhijit Patki graced the event as the esteemed chief guest. Amidst the unprecedented challenges posed by the COVID-19 pandemic, Nutan Mahavidyalaya Selu has demonstrated its commitment to academic excellence by organizing an enlightening online workshop on spectroscopy. Leveraging the power of digital platforms, the workshop was conducted via Zoom meeting, providing students with a unique opportunity to delve into the intricacies of this vital scientific discipline from the comfort and safety of their homes. Dr. Abhijit Patki, a distinguished figure in the field, honored the event as the esteemed chief guest, adding further prestige and expertise to the proceedings. This workshop stands as a testament to Nutan Mahavidyalaya Selu's dedication to fostering intellectual growth and learning, even amidst the most challenging circumstances.

Objective:

The workshop aimed to enhance students' understanding of spectroscopy, a crucial aspect of chemistry, through interactive sessions and expert guidance.

- To provide students with an in-depth understanding of spectroscopy through an online workshop conducted via Zoom meeting.
- To offer a safe and convenient learning environment amidst the challenges presented by the COVID-19 pandemic.
- To leverage digital platforms for academic enrichment and engagement.

PRINCIPAL
Nutan Mahavidyalaya
Dist. Parbhar

- To facilitate interaction with Dr. Abhijit Patki, a distinguished expert in spectroscopy, enhancing the educational experience.
- To reaffirm Nutan Mahavidyalaya Selu's dedication to academic excellence and intellectual growth in challenging times.

Activities:

Welcoming Address: The event commenced with a warm welcome extended to all participants, emphasizing the significance of the workshop in fostering academic enrichment despite the limitations of physical gatherings.

Keynote Session by Dr. Abhijit Patki: Dr. Patki, an eminent figure in the field of spectroscopy, delivered an enlightening keynote address. He shared insights from his research and highlighted the practical applications of spectroscopic techniques.

Interactive Sessions: The workshop featured engaging sessions where students had the opportunity to delve into various aspects of spectroscopy. Experienced faculty members facilitated discussions, encouraging active participation and knowledge sharing among attendees.

Hands-on Learning: To provide a practical dimension to theoretical concepts, demonstrations and simulations were conducted to illustrate spectroscopic principles. Participants gained firsthand experience in analyzing spectral data and interpreting results.

Q&A Session: A dedicated question and answer segment allowed students to seek clarification on challenging topics and engage in fruitful discussions with both Dr. Patki and other experts present.

GUEST LECTURE

10/12/2021

FRIDAY

SUBJECT

Spectroscopy

Chemistry department arranged Guest lecture of Assistant professor Mr. Abhijit Patki on "Spectroscopy" for all B.Sc. Student on Dated 10/12/2021

ORGANIZED BY

Chemistry Department, Nutan Mahavidyalaya, Selu Tq.
Selu Dist. Parbhani

PRINCIPAL
Nutan Mahavidyalaya
SELU. Dist. Parbhani

12:05 PM
