

## "Activity Report: Vaccination Awareness Workshop"

**Introduction:** In recognition of the ongoing importance of vaccination and the need to address vaccine hesitancy, Nutan Mahavidyalaya, Selu, organized a one-day workshop titled "Vaccination Awareness" on 15th July 2021 at 11:00 AM. The workshop aimed to educate and empower both teaching staff and students with accurate information about vaccines, dispelling myths and promoting informed decision-making regarding immunization.

**Date:** 15-07-2021

**Time:** 11:00 AM IST

**Platform:** Online (Google)

**Target Audience:** Teaching Staff and Students

**Speaker:** Dr. Sanjay Harbade

**Organizer:** Nutan Mahavidyalaya, Selu

**Topic:** Vaccination Awareness

**Speaker and Expertise:** The esteemed speaker for the workshop was Dr. Sanjay Harbade, a respected medical professional with extensive knowledge and experience in public health and immunology. His expertise provided valuable insights and clear explanations about vaccinations for the participants.

### Content and Key Takeaways:

The workshop covered various aspects of vaccination awareness, including:

- The importance of vaccines in preventing infectious diseases and ensuring individual and community health
- Understanding the different types of vaccines and their mechanisms of action
- Addressing common myths and misconceptions surrounding vaccines

- Importance of vaccine safety and monitoring systems
- Addressing individual concerns and answering questions about specific vaccines
- Encouraging responsible behavior and promoting informed vaccination choices

The interactive session allowed participants to ask questions, clarify doubts, and engage in open discussions, fostering a safe space for learning and critical thinking.

**Impact and Participation:** The workshop witnessed active participation from both teaching staff and students, demonstrating their curiosity and desire to learn more about vaccines. The informative session empowered participants to become advocates for vaccination awareness within their communities and make informed decisions about their own health and well-being.
