Activity Report: Blood Donation and Blood Testing Camp on the Occasion of Kranti Day at Nutan Mahavidyalaya, Selu

Introduction:

On the occasion of Kranti Day, Nutan Mahavidyalaya, Selu, in collaboration with the District General Hospital, Parbhani, the Sub-District Hospital, Selu, and the National Service Scheme (NSS) unit of Nutan Mahavidyalaya, organized a Blood Donation and Blood Testing Camp. The event was held on [Insert Date], aiming to promote the spirit of social responsibility and community service among students. The camp was an initiative to contribute towards the well-being of society by encouraging students to participate in life-saving activities like blood donation.

Objectives:

- To commemorate Kranti Day by organizing a community service event that reflects the spirit of the freedom struggle.
- To create awareness among students about the importance of blood donation and its impact on saving lives.
- To provide students with an opportunity to contribute to the health and well-being of the community.
- To facilitate free blood testing for students and staff, ensuring early detection of any health issues.
- To foster a sense of social responsibility and volunteerism among the youth.

Event Details:

The camp was inaugurated by the Principal of Nutan Mahavidyalaya, Dr. Uttam Rathod, who highlighted the significance of Kranti Day and the role of youth in nation-building. He emphasized the importance of blood donation and encouraged students to participate actively in such noble causes. Dr. Suresh Ugle, the Program Officer of the National Service Scheme (NSS), also addressed the gathering and spoke about the objectives of the NSS in promoting social service and community engagement among students.

The event saw enthusiastic participation from the students, faculty, and staff of Nutan Mahavidyalaya. Medical professionals from the District General Hospital, Parbhani, and the Sub-District Hospital, Selu, conducted the blood donation and testing procedures. A team of doctors and nurses was present to ensure that the process was carried out smoothly and safely. The participants were briefed about the health benefits of blood donation, and those who donated blood were given certificates of appreciation.

Dr. Kirti Niralwad, a faculty member of Nutan Mahavidyalaya, along with other colleagues, was actively involved in coordinating the event. The camp was a great success, with a significant number of students coming forward to donate blood and get their health checked.

Conclusion:

The Blood Donation and Blood Testing Camp organized on the occasion of Kranti Day was a commendable initiative by Nutan Mahavidyalaya, Selu, in association with local healthcare institutions. The event not only helped in creating awareness about the importance of blood donation but also provided a platform for students to contribute to a cause that saves lives. The camp successfully achieved its objectives, and the active participation of students and staff demonstrated the college's commitment to social responsibility and community service.
